Elisa has been cutting my hair for over a decade now and I have always loved the way she's done it! Doesn't matter what style we're trying: short, long, bangs, bob- whatever!

This salon is modern, clean, and I can tell Elisa takes great care of her salon, something rarely seen these days. I highly recommend her and this salon!

Finding someone you trust to cut and colour your hair can be tricky. So thankful for Elisa, and the amazing work she has done on my long, thick hair. Her years of experience is evident and she's super sweet, and kind to talk to. I will be continuing to book my appointments with her.

This salon is an absolute gem and a true reflection of the care, professionalism, and pride behind it. From the moment you walk in, you notice how clean, organized, and thoughtfully designed the space is. It is spotless every time and clearly maintained to a very high standard which immediately makes you feel comfortable and confident in the environment. There's a calm, welcoming energy that puts you at ease right away. The overall vibe of the salon is warm, modern, and relaxing without feeling pretentious. It's the kind of space where you can genuinely unwind, enjoy the experience, and feel taken care of. Everything feels intentional from the layout to the atmosphere and you can tell it's a place that was created with clients in mind, not just aesthetics. What stands out most is that this salon

welcome, comfortable, and valued. This is more than just a place to get your hair done, it's an experience built on quality, cleanliness, and genuine care for clients. I would highly recommend this salon to anyone looking for a beautiful, well-run space with an excellent atmosphere.

Elisa Christie

Elisa has been doing my hair for over 20 years, and I can say with complete confidence that she is one of the most talented, consistent, and trustworthy professionals I've ever worked with. Over the years, I've had just about every style and colour imaginable, long, short, blonde, brunette, bobs, layers, extensions, you name it. Through every phase and change, Elisa has consistently delivered results that exceeded expectations. What truly sets her apart is not just her technical skill (which is exceptional), but her ability to truly listen, understand what you're asking for, and translate that into a result that actually works for you. She is incredibly knowledgeable and always prioritizes hair health, while also being honest and thoughtful with her recommendations. If something isn't the right choice, she explains why and offers alternatives that make sense always professionally and kindly. Elisa is also extremely respectful of her clients' time. Appointments run smoothly and efficiently, yet you never feel rushed. And on the rare occasions that I've been the one running late, she has always been accommodating and gracious whenever possible, something I truly appreciate and never take for granted. That kind of flexibility, paired with professionalism, speaks volumes about her character. Beyond her talent, Elisa is genuinely kind and easy to be around, which makes every appointment enjoyable. After two decades, I've never once left feeling disappointed. Her consistency, integrity, and care for her clients are unmatched, and she has earned my loyalty many times over. I recommend Elisa without hesitation to anyone looking for a stylist they can truly trust.
